This year marks the 23rd anniversary of the Fun Factory/University of Hawai'i Scholarship program to annually reward 20 outstanding high school graduates for their academic excellence and to provide them an incentive to remain in Hawai'i for their college education.

Each of the Fun Factory/

University of Hawai'i Scholars receives \$1,000 and a one-year tuition scholarship at the University of Hawai'i.

The Fun Factory Second Year Scholarship program was established in

2003 to reward Fun Factory/University of Hawai'i Scholars from the previous year for achieving academic excellence during their freshman year at the University of Hawai'i.

Each Fun Factory Second Year Scholar receives \$1,000.

Fun Factory and the University of Hawai'i congratulate these 25 outstanding students and wish them much success as they continue their education at the University of Hawai'i.
